

SUPPLY CHAIN EXPERT

Becky Foret

Senior Director, Sourcing Operations, Vizient

Ask Becky about: Sourcing, contracting, supply chain (medical, surgical, lab, distribution)

Becky leverages her 30+ years of business operations, supply chain expertise and management experience in creating value for Vizient members. She is responsible for strategy and execution of national medical, surgical, and lab agreements, which deliver significant value and operational improvement for purchasing products.

Previously, she practiced as nurse for 12 years with Ochsner Foundation Hospital. Becky served a medical/surgical unit as a staff nurse and charge nurse. She has also served as a clinical resource and conducted rounds as a hospital/clinic administrative coordinator.
